St Andrew's Cathedral School and Sydney ELICOS Colleges

To help with a smooth transition for students into St Andrew's Cathedral School, we have formed strong relationships with several English Language Intensive Courses for Overseas Students (ELICOS) Colleges around Sydney.

The majority of students coming to Sydney from a non-English speaking country, spend some time at an ELICOS Intensive English course before attending St Andrew's Cathedral School.

Please note that we don't recommend any of these above any other, so please take your time to investigate each one before making a considered choice.

When making enquires at any of these Colleges, please mention [St Andrew's Cathedral School](#).
