

# English Pathway Courses *for Overseas Students*

To support a smooth transition into the School, we have formed relationships with several English Language Intensive Courses for Overseas Students (ELICOS) Colleges across Sydney.

Many students from non-English speaking backgrounds attend an ELICOS Intensive English course before starting at our School.

We do not endorse any particular College.

Enrolments are managed directly by the colleges. Please review each option carefully and when making enquiries, mention that you are applying to study at our School.

*If you have any questions about choosing a pathway, please email us at [enrolments@sacs.nsw.edu.au](mailto:enrolments@sacs.nsw.edu.au).*
